

DE CHEMISCHE BINDING

We are De Chemische Binding (De CB), the study association for Chemistry and Chemical Engineering students at the University of Groningen. Whether you're looking to make friends, survive your toughest courses, or explore your future career, De CB has something for you!

Why join the CB?

At De CB, there's always something happening. We organize a wide variety of educational, career-oriented, and social activities throughout the year. One week you might be attending a guest lecture from an industry expert, the next you're visiting a company, studying together for Organic Chemistry, or dancing the night away at one of our parties.

Our events include:

- 🎉 Parties and social drinks
- 🎄 Our annual Christmas dinner
- 📖 Study support sessions for challenging courses
- 🎤 Guest lectures
- 🏢 Company visits and career events

And the fun doesn't stop there. On any given day, you can drop by our members' lounge on campus to relax, meet fellow students, enjoy a free cup of coffee, or grab a snack between lectures. It's the perfect place to unwind, study, or simply hang out with friends.

WHAT WE OFFER!

Study Support

Need a little extra help? We've got you covered! Throughout the year, we organize free study support for our members, including exam preparation sessions led by teaching assistants, as well as workshops on useful skills and programs like Python and LaTeX.

Whether you're preparing for an exam or learning a new skill, we're here to help you succeed.

Career Events

Curious about your future after graduation? De CB helps you explore your career through company visits, guest lectures, excursions, and networking events.

We also organize an annual Career Day, a multi-day company excursion, and a symposium featuring inspiring (international) speakers. Whether you're interested in industry or academia, our events are a great way to discover your options and connect with future employers.

Social Events

From Gala to Christmas dinners to movie nights, game nights, campus runs, and even trips abroad, there's always something fun to join at De CB!

Every Friday from 5:00 PM, we also host our weekly social drinks at De Luchtbrug, our very own bar on campus. It's the perfect place to meet fellow students, chat with PhD students and teaching assistants in a relaxed setting, and make new friends.

Come by as we'd love to see you there!

The Member's Lounge

Looking for a place to relax between lectures? Visit our members' lounge (FBG), open every weekday from 08:45-17:00!

Drop by for a free cup of coffee or tea, chat with fellow students, study on a comfy couch, or enjoy a snack. You'll also find a microwave and sandwich maker that are free to use. In the afternoons, you'll often find members playing Sporcle quizzes, NYT games, or just hanging out, everyone is welcome!

Become a member!

For just €10 per year, you can enjoy everything De CB has to offer, from exciting events and study support to career opportunities, free coffee, and a great community of fellow students.

Ready to join the fun?

Simply scan the QR code to become a member or learn more about us.

We can't wait to welcome you to De CB and meet you at one of our events!

Board 60 (26/27)

Hey there from the current Board of De Chemische Binding!

Welcome to the Programme Chemistry and Chemical Engineering at the University of Groningen. We hope you enjoyed the FID and are excited for everything that lies ahead during your studies.

Whether you have questions, need some advice, or just feel like having a chat, you're always welcome to stop by the lounge. We'd love to meet you!

Enjoy your studies, and we hope to see you soon at one of our events!

Kind regards,

Chair

Alexandra-Ioana Sintamarian
